One Event Rental Partner Endless Possibilities

Hosting a wedding or special event? We know how exciting (and overwhelming) the planning process can be. While there are many aspects to consider when designing your dream day, we hope you find this time one of inspiration and excitement. That's why we created this look book featuring our Bright Event Rental inventory as well as our family of brands, including Reverie Social, our boutique luxury table linen brand shipping to events nationwide.

We've been lucky enough to be part of the region's most exquisite affairs from large-scale wedding celebrations and swoon-worthy showers, to intimate backyard nuptials. We've seen it all and have been so inspired by our clients and their innovative designs. We hope that you, too, will be inspired by the events featured throughout this look book.

Happy planning!
